Reviewer's report

**Title:** Opening the black box of quality improvement collaboratives: an ethnographic study of the problematisation process and measurement practices

**Version:** 2  **Date:** 27 August 2010

**Reviewer:** Trisha Greenhalgh

**Reviewer's report:**

I'm entirely happy with this paper now. The only thing I wonder is can the term 'actor-network theory' be in the title as it would be good to flag this up to someone who is browsing.
