Reviewer’s report

Title: Impact of periodic health examination on surgical treatment for uterine fibroids in Beijing: a case-control study

Version: 1 Date: 16 June 2010

Reviewer: pierluigi B benedetti panici

Reviewer’s report:

*discretionary revision
Please, could you add in the manuscript, how many hystological findings of unsuspectable carcinomasarcoma you had? in both groups
Could you spell out the singular cause of surgery (for example menorrhagia, ureter obstruction, rapidly growing myoma)

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
