Reviewer's report

Title: Improvement of primary care for patients with chronic heart failure: a pilot study.

Version: 2 Date: 13 November 2009

Reviewer: Margaret Stone

Reviewer's report:

The authors appear to have made a good effort to address the points raised by myself and the other reviewers. The changes made are adequate to make the paper suitable for publication without further revisions.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
