Reviewer's report

Title: Partnership disengagement from primary community-based care networks (PCCNs): A qualitative study for a national demonstration project

Version: 2 Date: 17 January 2010

Reviewer: Gawaine Powell Davies

Reviewer's report:

This paper has been substantially edited and much improved. I am happy that all my major concerns have been addressed, and look forward to its publication.

There are a few typos which BMC will no doubt pick up:
P5: ‘Literatures’ for ‘Literature”
P19: ‘Discussions’ for ‘Discussion
On P2 I found the word ‘induced’ curious.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
