Reviewer's report

Title: Patients' age as a determinant of care received following acute stroke: A systematic review.

Version: 1 Date: 11 April 2011

Reviewer: Katherine Deane

Reviewer's report:

Most of the comments I have made in the attached document are required for the paper to meet PRISMA reporting standards - therefore they are mainly "Major Compulsory Revisions"

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests
