Reviewer: Thomas T.H. Wan

Reviewer's report:

The following is recommended for the discretionary revision:

The citations on the literature review are adequately updated. However, the review was focused on the published articles. Several new books have been published in the area of nursing home quality could be considered. For instance, Wan, Breen, Zhang, and Unruh (2010) published a book entitled "Improving the Quality of Care in Nursing Homes". It was published by Johns Hopkins University Press.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
