Reviewer's report

Title: Reducing the health disparities of Indigenous Australians: Time to change focus

Version: 3 Date: 22 March 2012

Reviewer: Peter Crampton

Reviewer's report:

The authors have done a good job of revising the article.

I have only two very minor comments:

1. Page 5 of the covering letter -- first paragraph, fourth line of new text -- patient should have an s.
2. 1. Page 5 of the covering letter -- second paragraph, second line of new text -- there should be a comma after the word ‘attitudes’.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
