Reviewer’s report

Title: Use of Health Systems Evidence by Policymakers in Eastern Mediterranean Countries: Views, Practices, and Contextual Influences

Version: 1 Date: 8 January 2012

Reviewer: Ming-Chin Yang

Reviewer’s report:

Discretionary revision
1. This study was based on a similar study done in Canada. But little was reported about that study. It may enrich the manuscript if the authors can add additional information about Canada study. Or even make some comparison between the Canada study and the current study.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
