Reviewer’s report

**Title:** Screening Mammography Beliefs and Recommendations: A Web-based Survey of Primary Care Physicians

**Version:** 7  **Date:** 9 December 2011

**Reviewer:** Paul Reiter

**Reviewer’s report:**

The authors have adequately addressed most comments. There are several typos remaining in the text that will need to be corrected before publication. This includes spelling and formatting errors.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
