Title: Intergenerational Enrollment and Expenditure Changes in Medicaid: Trends from 1991 to 2005

Version: 4 Date: 3 June 2012

Reviewer: Elizabeth Shenkman

Reviewer's report:

This article is a well-written and timely paper about changes in Medicaid expenditures by eligibility category across time. The authors did not adjust for inflation but since the purpose was to discuss categories of spending the lack of this adjustment does not limit the usefulness of the findings.

I do not have any suggested revisions for the paper.
