Reviewer's report

Title: Factors influencing the development of evidence-based practice among nurses: a self-report survey

Version: 3 Date: 27 August 2012

Reviewer: Gülseren Kocaman

Reviewer's report:

I have reviewed the revised manuscript, responses to all comments of the reviewers’ and, made the necessary revision. I have no additional suggestions. This paper will contribute the interested readers for improving the evidence-based practice.

DISCRETIONARY REVISION:

A minor explanation for the following point may be useful for the readers:

Educational level of nurses in table 1: what is the difference between “nursing degree” and “Bachelor (nursing)”

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
