Reviewer's report

Title: National Essential Medicines List and Policy Practice: A Case study of China’s Health Care Reform

Version: 7 Date: 29 August 2012

Reviewer: Marcus Reidenberg

Reviewer's report:

This is a major improvement over the previous version of the mss. The authors addressed my critique points. I have nothing further to add.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I described my interest in the WHO attending Expert Committee meetings and receiving expense money from WHO.
