Reviewer's report

Title: National Essential Medicines List and Policy Practice: A Case study of China’s Health Care Reform

Version: 9 Date: 30 October 2012

Reviewer: Michael A. Albert

Reviewer's report:

This is major improvement. Thank you for addressing the points and using more appropriate language as it relates to recommendations that come from the data. This is much more acceptable.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
