Reviewer's report

Title: Strengths and Constraints of HIV Health Service Delivery in Vietnam from the Viewpoint of the Continuum of Prevention and Care

Version: 5 Date: 15 August 2012

Reviewer: Muhammad Ahmed Abdullah

Reviewer's report:

1. The authors have failed to limit the amount of text and tables.
2. The headings have been aligned properly this time
3. No major revisions are evident in the current review
4. This article is not clear about its scope

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
