Reviewer’s report

Title: Integrated maternal and child health services in Mozambique: Structural health system limitations overshadow its effects on follow-up of HIV-exposed infants

Version: 2 Date: 7 March 2013

Reviewer: Kwasi Torpey

Reviewer’s report:

Significantly improved manuscript. It is well organized from the introduction, methods, results and discussion making it easy to follow. Additional references have been included. The paper has been edited to bring it to an acceptable standard. Good job

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
