Reviewer's report

Title: Ontario primary care reform and quality improvement activities: an environmental scan

Version: 2 Date: 31 October 2012

Reviewer: Marilyn Wise

Reviewer's report:

I have included the revisions I think necessary in the body of the review.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have not received any payment that would be influenced by the publication (or not) of this paper.
I do not hold stocks or shares in organisations that would gain or lose financially from the publication of the paper (or not).
I am not currently applying for any patents - and do not intend to do so in the future.
I do not have any other financial competing interests.
I am preparing a review of CQI initiatives in Indigenous primary health care services in Australia. It is not a competing interest, but is, rather, a complementary interest.
