Reviewer's report

Title: Effects of auditing patient safety in hospital care: design of a mixed-method evaluation

Version: 2 Date: 2 May 2013

Reviewer: Angela Coulter

Reviewer's report:

This is a re-review of a paper describing a protocol for an evaluation of an audit process in one Dutch hospital. The authors appear to have addressed previous criticisms satisfactorily. In my view this paper is now suitable for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests in relation to this paper.
