Reviewer’s report

Title: Determinants of Maternal Health Care Utilization in Holeta Town, Central Ethiopia

Version: 4 Date: 21 April 2013

Reviewer: Maurice Yé

Reviewer’s report:

Major compulsory revisions: no compulsory revisions needed, as author provided requested responses to my queries.

Minor Essential revisions: according to BMC reference style in the main document, it should be in brackets e.g. [4,5,6] and not [4,5 and 6], this should be corrected in the text.

Discretionary revisions: no comments.

Level of interest: An article of importance in its field.

Quality of written English: Acceptable.

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interest.
