Reviewer’s report

Title: When the patient is a physician, more magnetic resonance imaging is used: a population-based cohort study in Taiwan

Version: 2 Date: 28 May 2013

Reviewer: Oke Gerke

Reviewer’s report:

All comments were addressed sufficiently and to full extent.

Discretionary Revision:
There is one spelling error on p.12, 3rd line to last as 'past-matched' should read 'post-matched.'

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
I declare that I have no competing interests.
