Reviewer's report

Title: Barriers and enablers to implementing evidence based inpatient stroke rehabilitation: A qualitative study

Version: 1 Date: 28 January 2013

Reviewer: Joanne Travaglia

Reviewer's report:

Please see attached

This paper is fundamentally flawed in terms of its focus. Major revisions are required, but even if these are made the paper is not suitable for publication as it does not add significantly to the field.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

None
