Reviewer’s report

Title: Barriers and enablers to implementing multiple stroke guideline recommendations: A qualitative study

Version: 2 Date: 26 April 2013

Reviewer: Wendy Lipworth

Reviewer’s report:

The authors have done a good job of responding to the Editor’s comments. I think that the article can now be published.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
