I think that the response rates on Table 1 not necessary finding, so Table 1 might be removed. These findings might be stated in the text briefly by ranges. Whereas the new dimensions and items should also be provided.

Also, Table 4 and Table 5 might be combined.

Legends outside of figures might be removed because labels available inside of figures

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
