Reviewer's report

**Title:** Is the level of primary health care resourcing associated with diabetes-related ambulatory care sensitive hospitalisations? A review of the literature.

**Version:** 1  **Date:** 24 May 2013

**Reviewer:** Rakesh Biswas

**Reviewer's report:**

**Minor Essential Revisions:**

The current title appears confusing. Can it be changed to, "Is there an association between hospitalisation for diabetes-related ambulatory care sensitive conditions (ACSC) and primary health care (PHC) resourcing? A review

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests
