Title: Health information technology capacity at federally qualified health centers: a mechanism for improving quality of care

Version: 5 Date: 24 November 2012

Reviewer: Rachel Gold

Reviewer's report:

This paper is much improved. I recommend accepting it, but suggest that the authors and / or journal editing staff conduct a round of careful edits to remove some remaining typos and improve readability. Other than that, this is a solid contribution to the literature.

Level of interest: An article of importance in its field

Quality of written English: Acceptable
