Reviewer’s report

Title: The impact of the introduction of nurse consultants on patient health and service outcomes: a historically matched controlled study

Version: 1 Date: 19 March 2013

Reviewer: Ruth M. Kleinpell

Reviewer’s report:

The authors may want to consider substantively revising the manuscript to not compare outcomes but to describe the NC role indepthly

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

No
