Reviewer's report

Title: Factors influencing health care utilisation among Aboriginal cardiac patients in central Australia: a qualitative study

Version: 1 Date: 4 May 2012

Reviewer: Shaouli Shahid

Reviewer's report:

A very well-written paper but the issues identified (though important) are not new. The references are quite old where several latest publications are available to support some of the findings and arguments. Please look at the following publications, update your literature reviews and discussions and reference list.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
