Reviewer’s report

Title: Effective access to health care in Mexico

Version: 4 Date: 11 April 2014

Reviewer: Eduardo Gonzalez-Pier

Reviewer’s report:

The authors have corrected the figures in the text and have addressed the majority of the minor essential comments made during the second revision.

Please note that:
Page 15, line 333. It reads “Among individuals that required in-patient services, 43.69% lacked financial protection, compared with 55.71% for people that required ambulatory services.”

It should read “Among individuals that required in-patient services, 42.69% lacked financial protection, compared with 55.71% for people that required ambulatory services.”

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

One of the authors, Sebastián García-Saisó, has been the coordinator of the advisers’ group at the Vice Ministry of the Health Sector Integration and Development at the Mexican Ministry of Health, where I serve as a Vice Minister as of March 1st, 2014.
