Reviewer's report

Title: Validation of Administrative Health Data for the Pediatric Population: A Scoping Review

Version: 3 Date: 10 May 2014

Reviewer: Astrid Guttmann

Reviewer's report:

The revisions are well done, the authors have addressed all of the comments. The manuscript is an important addition to the literature on validation studies for childhood conditions using administrative data.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
