Reviewer's report

**Title:** Improving service uptake and quality of care of integrated maternal health services: The Kenya Kwale District Improvement Collaborative

**Version:** 2  
**Date:** 10 June 2014

**Reviewer:** Charlotte Warren

**Reviewer's report:**

Major compulsory revisions

No clear research question posed.

method section could be laid out more clearly. the implementation is in the middle or methods - put at beginning or end of section. Kenya context should be in background, district context in methods - more concise.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests.
