Reviewer’s report

Title: Primary Healthcare worker knowledge related to prenatal and immediate newborn care: a cross sectional study in Masindi District, Uganda

Version: 2 Date: 21 December 2013

Reviewer: Larissa Jennings

Reviewer’s report:

The authors have responded satisfactorily to the reviewer’s comments. However, prior to publication, the manuscript should be professionally copy-edited as there are still some language corrections needed before publishing.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
