Reviewer’s report

Title: Predictors of attendance at an obesity clinic and subsequent weight change

Version: 1 Date: 6 January 2014

Reviewer: Tania Markovic

Reviewer’s report:

This paper is well written and describes important issues in obesity management, namely the poor attendance of obese people for weight management and possible associated factors. Exploring these barriers may be helpful in providing more effective obesity management services.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
