Reviewer’s report

Title: Vitamin A supplementation in Tanzania: The impact of a change in programmatic delivery strategy on coverage

Version: 2 Date: 18 September 2006

Reviewer: Joanne S Katz

Reviewer’s report:

General
I am happy with the changes made to the manuscript. There are some minor revisions that can be made regarding the English and the grammar.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
