Reviewer’s report

Title: Predictors of Substance Misuse in Patients with Chronic Pain, A Prospective Cohort Study

Version: 5 Date: 17 January 2006

Reviewer: David A Fiellin

Reviewer’s report:

This revision has addressed most of the concerns in the earlier version of this manuscript.

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
