Reviewer's report

Title: Two years of psychogeriatrics consultation in a nursing home: reason for referral compared to psychiatrist's assessment

Version: 3 Date: 8 May 2006

Reviewer: Marco Rigatelli

Reviewer's report:

General
I have read the changes made by the authors on the manuscript under subject and declare my satisfaction with it. Therefore, I advise publication of the article on your journal

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept without revision
