Reviewer's report

Title: Does a referral from home to hospital affect satisfaction with childbirth? A cross-national comparison

Version: 2 Date: 22 May 2007

Reviewer: Karin van der Pal-de Bruin

Reviewer's report:

General

---------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Conclusions, paragraph continuity of care. Please change the text ...,but a reviewer ... in ...,but in practice continuity of care ....

---------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
