Reviewer's report

Title: A qualitative study of referral to community mental health teams in the UK: exploring the rhetoric and the reality.

Version: 2 Date: 12 June 2007

Reviewer: Jane Gunn

Reviewer's report:

I thank the authors for their response. They have adequately addressed my areas of concern.

minor essential revisions
I noted a minor typographical error in the discussion section. I suggest the authors carefully check the paper before it is published.

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
