Reviewer's report

Title: Social class gradients in self-reported health in adolescents: validity and magnitude

Version: 1 Date: 24 March 2007

Reviewer: Sven Bremberg

Reviewer's report:

General
A thoroughly done investigation of an important subject

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

Discretionary Revisions (which the author can choose to ignore)
The abbreviations OSC and LE ought to be explained when they first appear in the abstract and the main text

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
