Reviewer's report

Title: Combining evidence and values in priority setting: testing the balance sheet method in a low-income country

Version: 2 Date: 11 September 2006

Reviewer: Richard Thomson

Reviewer's report:

General

---------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
NONE

---------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
NONE

---------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
NONE

---------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
