Title: Public involvement in the priority setting activities of a wait time management initiative: a qualitative case study and evaluation

Version: 2 Date: 7 June 2007

Reviewer: Angela Bate

Reviewer's report:

General
I am satisfied that the manuscript has addressed the issues of concern that I laid out in my initial review and happy that the paper be published.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
