Reviewer's report

Title: Attainment of Clinical Performance Targets and Improvement in Clinical Outcomes and Resource Use in Hemodialysis Care: A Prospective Cohort Study

Version: 2 Date: 14 December 2006

Reviewer: David S Goldfarb

Reviewer's report:

General
The authors have substantially and satisfactorily responded to my comments as well as to those of the other reviewers. The paper is significantly improved.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
