Reviewer's report

Title: Patient risk profiles and practice variation in nonadherence to antidepressants, antihypertensives and oral hypoglycemics

Version: 2 Date: 26 March 2007

Reviewer: James Aikens

Reviewer's report:

General
I approve of these changes. It was already a good paper, and now it's excellent.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
