Reviewer's report

Title: Improving organisational systems for diabetes care in Australian Indigenous communities

Version: 1 Date: 15 January 2007

Reviewer: James Dunbar

Reviewer's report:

General
A well-written paper

----------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

none

----------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Give a reference for the guidelines used to manage the risk factors

----------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

Indicate whether the guidelines used were produced according to the internationally accepted methodology

What next?: Accept after minor essential revisions

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
