Title: Implementing a guideline for the treatment of type 2 diabetics: results of a Cluster-Randomized Controlled Trial (C-RCT)

Version: 2 Date: 10 January 2007

Reviewer: Shlomo Vinker

Reviewer's report:

General
I went through the revised version of the manuscript and it is OK with me.
My recommendation is to accept for publication

--------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
