Reviewer's report

Title: Deficient supplies of drugs for life threatening diseases in an African community

Version: 2 Date: 14 May 2007

Reviewer: Benjamin S. Chudi Uzochukwu

Reviewer's report:

General: The paper is now better written and the authors have addressed most of my comments

-------------------------------------------------------------------------------------
Major Compulsory Revisions Nil
-------------------------------------------------------------------------------------
Minor Essential Revisions: The authors should state in the manuscript that "the prescription analysis has not been presented in the manuscript but can be found in the thesis book"
Discretionary Revisions: Nil

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
