Reviewer’s report

Title: Socioeconomic patterns in the use of public and private health services and equity in health care

Version: 3 Date: 6 July 2008

Reviewer: Mark Harris

Reviewer’s report:

Major compulsory revisions
I am satisfied that the Authors have addressed all the substantive issues which I raised in my review.

Discretionary revisions:
In addition to the reference to high co-morbidity in low SES groups, it would be useful to know which long term conditions were more prevalent in low SES groups.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
