Reviewer's report

Title: The impact of adverse events in the intensive care unit on hospital mortality and length of stay

Version: 2 Date: 30 October 2008

Reviewer: Jeffrey M Rothschild

Reviewer's report:

The authors have adequately addressed concerns raised by me and the other reviewers. It will be an important addition to the literature.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
