Reviewer's report

Title: Is theatre utilization a valid performance indicator for NHS operating theatres?

Version: 2 Date: 22 August 2007

Reviewer: Mark J Koelemay

Reviewer's report:

General
I am satisfied with the author's responses to my previous comments and have no further suggestions.

--------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

--------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
