Title: Insights about the process and impact of implementing nursing guidelines on delivery of care in hospitals and community settings

Version: 2 Date: 4 November 2007

Reviewer: Anne Sales

Reviewer's report:

General
I believe that the authors have adequately addressed the issues I raised in my prior review.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
