Reviewer’s report

Title: Peer-mentoring for first-time mothers from areas of socio-economic disadvantage: a qualitative study within a randomised controlled trial

Version: 3 Date: 28 January 2008

Reviewer: Rhona McInnes

Reviewer’s report:

I am happy with this paper and feel that it is generally acceptable for publication.

Discretionary Revisions

1. I would suggest that the authors say a bit more about the postal questionnaire - how many were sent out, how many completed and how many of those were by mentors who had resigned.

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
