Reviewer’s report

Title: Furthering patient adherence: A position paper of the International Expert Forum on Patient Adherence based on an Internet forum discussion

Version: 2 Date: 2 February 2008

Reviewer: Toke S. Barfod

Reviewer’s report:

dear authors

i think the authors have responded sufficiently to dr. greenbergs and my own comments.

in their response, the authors write that the editors have chosen to turn the paper into a correspondence - i feel this is quite reassuring and a good idea

kind regards,

toke barfod

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
